

# DAY CARE TAX ORGANIZER

## TAX YEAR 2017

### Introduction

The Day Care Tax Organizer is based on **Schedule C, Profit or Loss from a Business or Service**. Use this tool to record your income and expenses from your day care operation.

### Eligibility

- Total annual household income of \$55,000 or less.
- Sole proprietors, independent contractors, and single member LLC's only.
- We do **not** prepare returns for corporations, partnerships, businesses with employees, taxi drivers, clergy, day traders or returns with income from rental property.

### Tax Documents

Organize your income and expense documents from last year. Examples:

- Tax documents to bring to your appointment: Form 1099-MISC, 1099-K, W-2, any documentation detailing food reimbursements, and last year's tax return. Do not list income from W-2's on the organizer. This income is listed elsewhere on Form 1040.
- Supporting documentation you do not need to bring to your appointment: Invoices, receipts, bank or credit card statements, and mileage logs.

**TIP:** See our website at [www.prepareandprosper.org](http://www.prepareandprosper.org), for tools such as a mileage logs, income and expense worksheets, tips on making estimated tax payments, a cheat sheet for filling out the organizer and an online presentation on filling out the organizer. Check out [irs.gov](http://irs.gov) for useful tools and videos. Key words: small biz and irsvideos.gov.

### Fill out the form

- Use your documents to fill out the organizer with only your self-employment income and expenses. Tax preparers will use the organizer to input the amounts onto the tax return. The organizer has different sections and not all apply to your business. Also, do not round off; use an exact amount.
- If you don't find a category for an expense feel free to write it in the "other" category.
- The sections are basic information, income, general expenses, other expenses, standard meal & snack rate, vehicle information, major purchases and business use of the home.

### What to bring to your tax appointment

- The organizer **must be completed before** your tax appointment. We cannot prepare your tax return without this completed form.
- Photo ID for taxpayer and/or spouse.
- Social Security card or Individual Taxpayer Identification Number (ITIN) card/letter for all persons listed on the return.
- Birth dates for all persons listed on the return.
- Income statements or forms: W-2, 1099s, and any other tax document.
- Copy of last year's return – this is important for self-employed taxpayers as it may have needed information about business use of the home, equipment purchases, and more.
- Both spouses must be present for a joint return.
- For direct deposit – routing and account information (bring a blank or voided check).
- For a complete list of what to bring go to our website, [www.prepareandprosper.org](http://www.prepareandprosper.org).

**TIP:** If your prior year tax return shows the names and Social Security numbers of **all** persons to be listed on the current year's tax return; this can be used instead of the Social Security cards. Of course, you need to bring that return to your appointment. We also accept photographic or digital images of the cards.

**Note:** ***We must have proof of your Social Security number (and everyone else on the return) by way of a Soc. Sec. card, a photo of it, a previous year tax return, or a document from the IRS or Soc. Sec. Administration.***
